ARRANGING FOR THE BIG JUNKET

(From Thursday's Daily.)

Chairman Fred. W. Beckley and the members of the House Committee on Public Health were present at the Board of Health meeting yesterday afternoon to receive a reply to the letter of Secretary Meheula of the House, enclosing the reso-lution under which the members of the Legislature will investigate the condi-tions at the Leper Settlement. Mr. Beckley, being the father of the resolution, which not only involves a legislative junket to Molokai for the

purposes of sight-seeing, but also to look into the charge of insufficient food supplies and other matters, complained of by certain of the lepers, spoke of the & Company, Grinbaum & Company and plans of the committee of which he was nearly all the wholesalers on Queen plans of the committee of which he was the head. He said that on the trip no kodaks were to be taken, no sketches were to be made of the people or the landscape there. He stated that the committee has decided to allow, outside of all the legislators, members of the press, officers of the Senate and House, and a few especially invited persons to the sever which was recently put in on Panopolis, obtained the permission for the worthy father through the following letter addressed to President Raying mond of the Health Board: the investigation. He hoped that the Board would place no obstacle in the way of the legislative members from making the trip and thoroughly investigating every feature of the Settlement's affairs. His committee desired to gain a full report of the conditions existing at Kalaupapa in the interest of the pubic good and health.

Dr. Cooper suggested to Mr. Beckley that there were three or four scientific men in the City who were destrous of studying leprosy by means of actual observations, and wished to know if they would be permitted to accompany the legislators. Mr. Beckley said he had no objection. As for the committee, it would submit all names of persons outside the Legislature, to the Board for permitts.

Upon motion of Dr. Cooper, the spirit of the resolution was compiled with and Superintendent Reynolds of the Settlement was instructed to accompany the expedition as the representative of the ortis' Componition of the Mar

The firms complain that by reason of a stench arising from the sewers and catch basins they have wondered that a serious epidemic of fever has not broken out among the employees.

Dr. Pratt, executive officer of the Board, said that he had investigated the causes and believed it arose from the good and health.

Mr. Lowrey suggested that the matter of making a reception house and steckade for visitors to the Settlement be considered by the Board in conjunction with the House Committee. He displayed a sketch of the proposed houses and location as prepared by Superintendent Reynolds. President Raymond explained that this was to be a permanent institution for casual visitors, and would have no bearing upon the personnel of the new sewer emptying into an old
